Always a new story

Inspiring spaces, people, and possibilities.

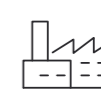

At Itaca, we believe every surface tells a story of craftsmanship, creativity, and purpose. Our innovation is shaped by design and driven by function, bringing ideas to life through every slab. With a legacy of excellence and a vision of the future, we continue to create surfaces that inspire spaces, people, and possibilities.

What is Colourbody?

Color Body means that the color of the tile is consistent throughout, from the surface to the back of the tile. This is a key feature, as it ensures that any chips or wear that might occur over time will not reveal a different, contrasting color underneath. This makes the tiles not only more aesthetically pleasing but also more durable, as the color integrity is maintained even with heavy use.

Thickness:
9mm

Body:
Colourbody

 Fire Resistant	 Shock Resistant	www.itaca.com

Earth tech

collection

Woonderous innovation

It is nature that explicitly provides us with vivid forms of inspiration that sit right under our eyes. When you look around, every form, every life, every shape tells us a story. The chapters of these stories bring a change that is sculpted, engraved, and visualised through time. Leading us to an immortal impression that expresses the calmness of nature with its rustic touch and elaborates it further into your space.

With a craft that's penned by Earth and moulded through the touch of technology, we are here with Earth Tech Collection. A Collection that brings the echo of nature into your space, along with its solidity and subtlety.

IMPERA
collection

Reimagine Now

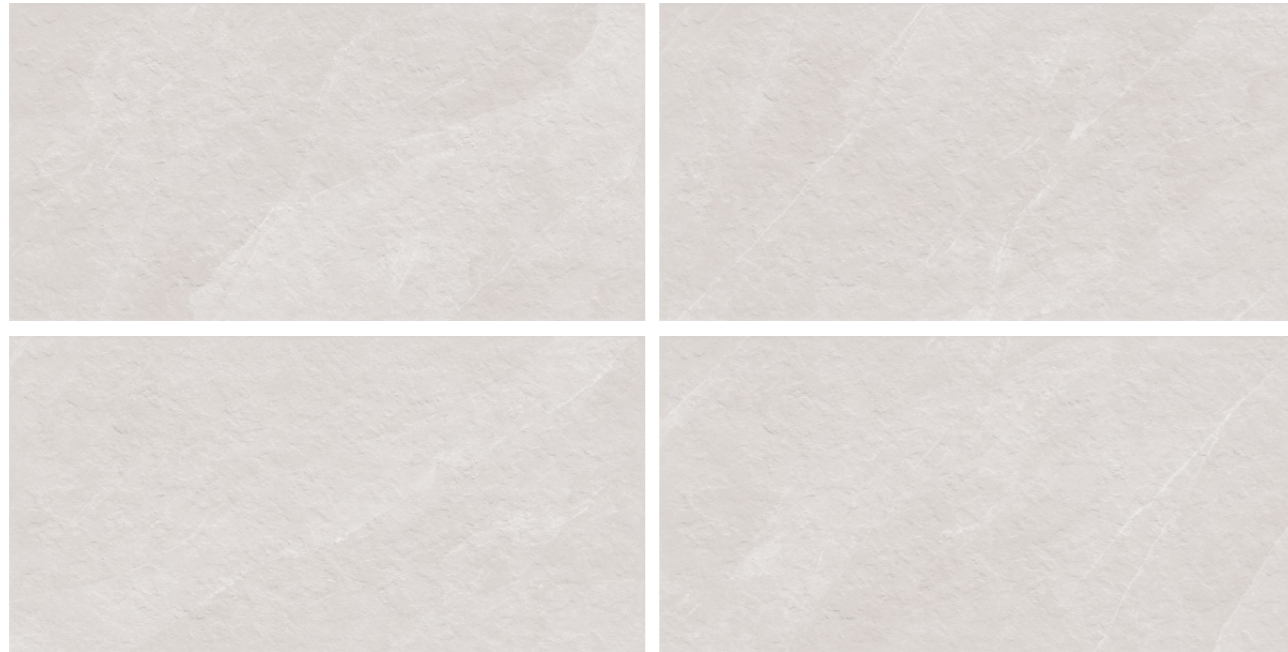

The Impera Collection redefines ceramic elegance — each tile is born with color locked deep in its body, not painted on, so every edge, every wear reveals true, lasting beauty; the matte surface softens light, inviting touch and grounding spaces with quiet confidence; from smoky grays to sun-baked ochres, hues breathe from within, evolving subtly with age and light; crafted with sustainable clay and fired to perfection, Impera marries heritage craftsmanship with modern minimalism; ideal for interiors craving soul — walls, floors, or statement zones — it adapts without sacrificing depth; the absence of gloss isn't restraint — it's intention, offering purity, texture, and presence; perfect for those who value authenticity over trend, Impera turns everyday surfaces into thoughtful, tactile art; its understated grace makes bold statements.

GRITS
collection

Stunning & Radiant

The GRITS Collection redefines ceramic with GHR — Glazed High Relief — where every tile rises, dips, and breathes texture like living earth, turning walls and floors into tactile landscapes; the glaze doesn't sit flat — it hugs the peaks and valleys, amplifying shadow, depth, and drama under shifting light; think stormy cliffs, layered clay dunes, rugged terrain — each piece feels ancient, raw, yet refined; perfect for bold statements — kitchen backsplashes, foyer floors, or accent walls — GRITS doesn't whisper, it commands presence; crafted from premium stoneware, fired to lock in dimension, then glazed for durability and subtle sheen — beauty built to last; ideal for modern rustic, industrial-chic, or raw minimalist spaces craving soul; GHR isn't decoration — it's dimension, movement, and mood in every inch; every tile tells a story of earth, fire, and intention — not just surface, but experience; GRITS: where ceramic gets gritty, grounded, and gloriously alive — a rebellion against flatness, a tribute to texture.

The Art of Beautiful Spaces

Our Petal Collection is inspired by the delicate beauty of natural floral patterns, designed to bring freshness and elegance to modern spaces. It is available in three distinctive surfaces—Protex Matt, Protex Punch, and Super Gloss—each offering a unique visual and tactile experience, from subtle softness to rich, high-gloss reflections. To enhance the overall appeal, the collection also includes carefully crafted mini décor tiles in 198x198mm size, adding stylish accents and design flexibility. This thoughtful combination of surfaces and décor elements allows for creative wall applications, making the Petal Collection a perfect blend of texture, innovation, and contemporary aesthetics.

SANTINO

Santino Series: Where cement meets ceramic. 3 surface options - Super Glossy, Protex Matt, and Protex Punch - to suit your design vision. Our mini decor tiles complement Santino's industrial-chic style, adding a touch of elegance. Perfect for modern interiors, these tiles offer durability and style. Elevate your space with Santino's versatile tiles and decor
